ALL GROUP MEMBERS MUST SIGN THIS FORM TO ACCESS DEPARTMENT FUNDING:

Date: 03/28/2026
Group #: 53
Project Title: Project 37: AI for Weightlifting Athlete
All members must agree to pay for any expenses related to their purchases, which are in excess of either; a) the Electrical & Computer Engineering departmental allowance, and/or b) the external or faculty contribution towards your project. You have the option of retaining the project at year end by reimbursing the entire departmental allowance, and/or the amount contributed by any external or faculty sponsor, in addition to the above-mentioned expenses, otherwise the entire project (EXCLUDING IP) remains the property of the Department of Electrical & Computer Engineering (or the external/faculty sponsor) and must be returned at course end. A group invoice will be issued at year end for any over expenditure. Failure to reimburse the department in the full amount invoiced, will result in a corresponding debt being placed against all group member's student numbers.
