Group 53

We are a balanced computer engineering team with real-world hardware and software experience. We are looking for an engaging and innovative challenge that will allow us to apply the skills we have acquired throughout our internships and academic careers.

Luke Hunker

Computer Engineering

- Cumulative GPA of 3.94 (3rd year GPA: 3.94 Fall, 4.05 Winter)
- 16-month internship with Advanced Micro Devices (AMD)
- 3rd year APSC 141 and ELEC 274 Teaching Assistant
- Best courses: ELEC 371/374

Rhys Blakeney

Computer Engineering

- Cumulative GPA of 3.54 (3rd year GPA: 3.74 Fall, 3.82 Winter)
- 13-month Internship at Movellus circuits
- Teaching assistant for APSC 141 and ELEC 280
- Best courses are ELEC 374/377

Ajmal Niazi

Computer Engineering

- Cumulative GPA of 3.33 (3rd year GPA: 3.18 Fall, 3.46 Winter)
- 16-month internship at Ontario Power Generation
- Best courses: ELEC 279/ 374

Avedis Boudakian

Computer Engineering

- Cumulative GPA of 2.52 (3rd year GPA: 2.44 Fall, 3.13 Winter)
- 16-month Internship at Husky Technologies
- Member of Smith Hyperloop team and Queen's Knight's Robotics team
- Best Courses: ELEC 390, CMPE 223
